FACTORY TOUR
20 YEARS | DESIGN | PRO | OEM

why us

1 For food contact safety, we use safe materials (100% fresh), all our items can pass LFGB, FDA, REACH test, DGCCRF, VOM, BPA free.

2 For our stainless steel items, the surface of their inners are copperized, and all these items are vacuumized for around 25 mins, up to 550°C, so can be ensured over heat retention norms.

3 Strict production processing control makes high quality products. Base on 3 times temperature testing of all goods before delivery and final inspection according to AQL II standard, we can ensure the superior quality and one year warranty.

4 We have our own CNC processing center and develop the molds by ourselves. Professional design team can support OEM and ODM.

MORE THAN, 360°

Easy Cleaning - Lid can be separated for cleaning

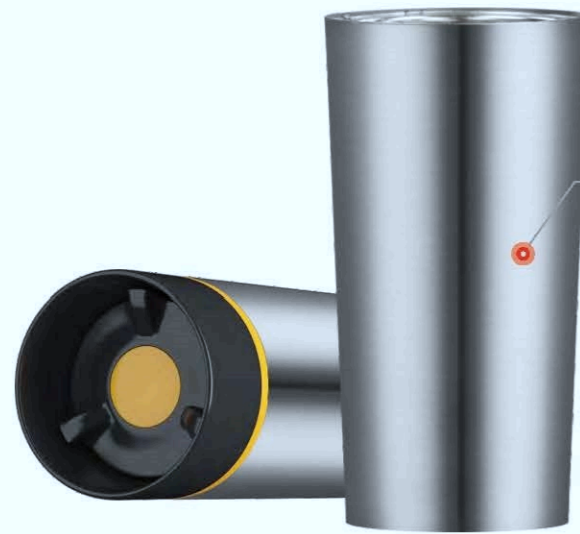

Push!

360° - drinking from all sides

Fully dishwasher safe

100% leak-proof

Quality 304 Stainless Steel inside

Any time , Any place -- Enjoy

With 360° insulated drinking mug for endless pleasure
